

Car 2 Pin Ignition Coil Part 273012b010 Used In Automotive Engines

Our Product Introduction

for more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 27301-2b010
- Minimum Order Quantity: 10 PCS
- Price: \$2.88 ~ \$3.88
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T
- Supply Ability: 100000 pcs per month

Product Specification

- Product Name: Ignition Coil
- Size: Standard
- Package: PVC Bag With Cartons, After Wooden Pallets
- Warranty: 24 Months
- Quality: 100% Tested
- Car Make: For Hyundai
- Highlight: Car Ignition Coil Part, 2 Pin Ignition Coil Part, 273012b010

Product Description

27301-2b010 2 pin for high quality ignition coil 273012b010 for hyundai kia Korean car

Product Description:

The ignition coil is a crucial component used in automotive engines, responsible for converting low-voltage electrical current into high-voltage pulses to ignite the fuel mixture.

Features:

- 1. High-performance ignition:** The ignition coil utilizes advanced technology to deliver reliable high-energy ignition under various operating conditions. It generates sufficient voltage to ensure reliable ignition of the fuel mixture, providing strong power and excellent combustion efficiency.
- 2. Durability and reliability:** Constructed with high-quality materials and manufacturing techniques, the ignition coil offers exceptional durability and reliability. It can withstand the impacts of high temperatures, vibrations, and other harsh environmental conditions, ensuring long-term stability and performance.
- 3. Precise control:** The ignition coil provides precise ignition timing and energy output to meet the engine's requirements. It possesses the ability to dynamically adjust based on changes in engine load and RPM, delivering optimal ignition performance.
- 4. Easy installation:** The ignition coil is designed to be compact and easy to install on the engine. It typically features standard connection interfaces for compatibility with existing ignition systems.
- 5. Compatibility:** The ignition coil can be customized and adapted for different automotive manufacturers and engine models. They are designed and manufactured in accordance with the specifications and standards of the respective car manufacturers, ensuring full compatibility with specific vehicle models' ignition systems.

Technical Parameters:

Type	Ignition Coil
Size	Standard
Fit for	For Hyundai
OEM	27301-2B010
Adapt to temperature	-40~120
Test capability	Open-Current Test; Thermal Shock; Salt Spray Test; High Temperature Endurance
Material	PPO/PBT/Rubber/Special plastic
Power	Powerful ignition energy and High voltage
Inspection	100% inspection

PRODUCT SPECIFICATIONS

Applications:

Ignition coils are essential components in a wide range of internal combustion engines, from automotive and powersports vehicles to small engines, marine engines, industrial engines, and even performance and racing applications. Ignition coils are extensively used in passenger cars, motorcycles, trucks, and other vehicles with internal combustion engines. They provide the high-voltage sparks needed to ignite the air-fuel mixture in the engine cylinders, ensuring proper combustion and engine operation.

Support and Services:

We offer a wide range of services including troubleshooting, repairs, replacements, and maintenance. We also provide customization and upgrades to meet your specific needs.

We provide fast and reliable service with quick turnaround times. Our team is dedicated to providing the highest quality of customer satisfaction.

If you have any questions or need assistance, please don't hesitate to contact us. We are here to help!

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specilizing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts,electric parts, steering parts,transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;
Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+years
A large of stock
Professional export company
Accept small order
We can design anything well according to customers' requirment
